Technical Bulletin TB-2016 **Product Approvals**

ARCA Warranty Ltd. is pleased to confirm that the following roofing products have been reviewed and approved, and will be eligible for inclusion in the ARCA five (5) and ten (10) Year Warranty program for jobs bid after March 28th, 2016 when used in accordance with the ARCA Roofing Applications Standard Manual.

ROOFING MEMBRANE PRODUCTS:

MULE-HIDE:

All Mule-Hide roofing membranes manufactured by Carlisle Syntec Systems are eligible for projects requiring an ARCA five (5) and ten (10) Year Warranty Certificate.

All accessories and adhesives used with these Mule-Hide roofing membranes are also required to be manufactured by Carlisle Syntec Systems. This is consistent with existing standards set forth in the ARCA Roofing Application Standards Manual.

EPDM 6.3.1.1

Reinforced and non-reinforced E.P.D.M. membranes shall comply with the requirements of CGSB 37-GP-52M. All membrane components shall be from the same manufacturer.

INSULATION PRODUCTS:

DOW:

STYROFOAM™ DECKMATE PLUS FA™ type IV polystyrene foam insulation board

SOPREMA:

Soprema SOPRA-ISO (e) polyisocyanurate foam insulation board

Soprema SOPRA-ISO (s) polyisocyanurate foam insulation board

Soprema SOPRA-ISO (r) polyisocyanurate foam insulation board
